# 用户引导手册

## 1 检查清单

### 物品清单

LED灯泡 ×3
控制盒 ×1
网线 ×1
电源适配器 ×1
USB接口电源线 ×1

注意：请自备无线路由器与智能手机，包装内不包含无线路由器和智能手机设备。

## 2 安装步骤

### A. 安装控制盒

1. 将网线插入控制盒背部的接口，另一端接入家用无线路由器LAN口；

2. 将电源线接入控制盒电源接口，另一端插入电源适配器并接入电源插座。

注意：控制盒启动的时候指示灯会闪烁，启动完毕后常亮。

### B. 安装灯泡

将灯泡拧入灯座，然后打开墙上的电源开关。

1. 请注意不要在密闭空间使用，以防止无法正常散热影响灯泡使用寿命和带来危险。

2. 长时间使用请勿用手触摸，以防止烫伤。

### C. 连接应用

下载安装移动端应用，搜索盒子并进行控制。

注意：1. 确保移动终端和控制盒连接到同一Wi-Fi设备上。

2. 最多允许两部智能手机同时进行本地控制，远程控制限制为十部。

## PACKING LIST

LED bulb ×3
Control Box ×1
Network cable ×1
Power adapter ×1
USB power cable ×1

# 1 CHECK

**Note:** You should have one Wi-Fi Router and one smart phone that can install Yeelight's APP.

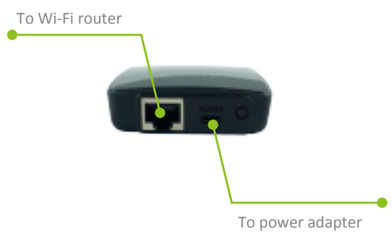
# 2 SETUP

### A. Control box

1. Connect box to a LAN port using network cable.

2. Plug USB power cable into control box, then connect the other end to power adapter, then plug adapter into socket to power it up.

**Note:** A blinking LED shows during boot up, then when box is ready the LED indicator changes to a continuous light.



### B. Bulbs

Screw in the bulbs, then turn on the light.

1. Don't setup bulbs in closed space, there must be a good condition to ventilating the bulbs.

2. Be careful of the hot bulbs after long time run

### C. Connect with APP

Download mobile App, search for Control Box to colorize your life.

**Note:** 1. Make sure the control box and your mobile are in the same network.

2. Locally, at most 2 mobile phones can control simultaneously; Remotely, limitation is set to 10.
